BILL TAYLOR - KD4IL - EDITOR

**CQ CQ CQ CONTEST! FROM WB4IUX PORTABLE  
VP9... WHISKEY BRAVO FOUR INDIA UNIFORM X-  
RAY PORTABLE VICTOR PAPA 9..CONTEST!**

If I said it once, I said it 10,000 times during the weekend of the ARRL DX SSB test. Yes, I should have borrowed KN4HW's voice keyer which he so graciously offered.

This was my third trip to Bermuda, and the second for a contest. The first trip was in July 1987 for the LRU Radiosport. The second was for my honeymoon in May 1989 (didn't hear me on the air, did you? Future wife said something about "radios on a honeymoon"???)

I had decided that Murphy would not travel with me on this trip, and for all practical purposes he didn't. I had 2 transceivers (thanks to WB4QNP and K4SGL), tools, logbooks in case the laptop computer crashed, extra wire for antennas, medicine for unpredictable sinuses, and "contest food" to keep me going. Murphy did infect the TS930, but the TS820 kept going and going... thanks to last minute repairs on the TS820 by K4YYL.

I took so much equipment, I could barely check in at the Greenville airport by myself. Can you imagine the pain carrying a TS930 and TS820 through 3 airport in one day? My arms were sore for a week after the contest!

I got on the air Thursday night, and everything seemed OK. I headed out for my last big meal before the contest: a salad, sandwich and Coors Light at the "Cock and Feather" restaurant in downtown Hamilton.

Friday was spent unpacking the rest of the tools, securing the vertical on the roof of the house (good thing: Saturday night brought rain and 40 MPH winds), and trying to figure out how to radiate a 1.8 MHz signal from an 80 - 10 meter vertical.

I took a short nap right before the contest started, and at 0000z I started calling CQ. I called CQ ... I called CQ ... I called CQ... OH NO! Just like the summer of 1987, I was fighting the Europeans for a frequency to work stateside! I finally got going on 80, switched to 20, and then back to 80. A lot of the SE Packetcluster guys and gals started calling in, WB4IUX/VP9 Continued page 2

## **From The Editor's Desk**

There are a lot of activities going on during the summer months this year. We are in the process of changing the backbone to 9600 baud on 220 MHz. I hope to eventually have the total backbone on 220 at 9600 baud. Equipment for CAT is in hand and being checked out and radio modified for 9600 baud by KN4HW. I hope most of you had a chance to visit with Romeo this month when he was in Rock Hill.

I want to apologize for the lateness of the Pileup for the Months of May and June. I have had lots of outside activities and work related projects that have kept me very busy. The antenna working parties are slowing down now after the long-term HUGO clean up and put up that is about finished in this area. You will find the latest CDXA membership list attached as page 5 and 6 of this issue. These are members that are paid up through 1992.

That's all for now!  
73's Bill Taylor KD4IL

## **Notice**

The current rate for CDXA dues are \$30 for packet using members and \$15 otherwise. Dues payments should be sent to:

W4UNP, Bill Jennings  
630 Whitepine Drive  
Catawba, SC 29704

### WB4IUX/VP9 Continues

and I felt like I might make a go of this after all. I QSY'ed to 40 and had a good run going, but the TS930 died. I abandoned hope for 40 for the night — back to 80 and 20 on the TS820.

I managed to stay awake until 5:00 am Saturday, when the rate dropped very low and I took my planned nap. When I got going again around 8:00 am Saturday, it was a repeat of Friday night on 20: fighting the Europeans for a run frequency. This pattern held up Saturday and Sunday until around 5:00 pm, when 15 and 10 finally faded and I could make some headway. Remember, I was only running 100 watts to a vertical on the roof of the house. No KW and yagis. Visitors to Bermuda are not allowed a "VP9" call or power output greater than 150 watts.

Sunday morning at 2 am I finally figured out what I was going to do to get on 160 meters. I took 130 feet of wire and wrapped it onto the feed point of the HF6V vertical; this 130 feet was then strung out about 5 - 10 feet above the ground between 2 lots. I worked NQ4I on 160, for the only station to work me on 6 bands — way to go Rick! My only other 160M QSO was with, big surprise, K5UR. I did call N5AU and K1ZM, but they never heard me.

Sunday brought a lot of people out of the woodwork, and some of those who went to the Charlotte hamfest worked me. The Packetcluster-generated pile-ups were quick, efficient and fun! I saw my rates (calculated by CT) jump to 250 per hour or more, and I regularly made 4 to 5 QSO's per minute during these Packetcluster pile-ups.

I spent most of Sunday bouncing from 15 to 10, trying to work multipliers and get runs going. Believe me, it was impossible to do much when the band was open to Europe. I ended the contest on 80 meters, with a good run to lots of the SE Packetcluster gang.

The finally tally was 1904 QSO's, 212 multipliers, and slightly over 1.2 million points. Even though it was difficult, 15 meters was the best band with 500 QSO's and 46 multipliers. I broke all personal goals I had set for this contest in terms of operating time and score. I had, quite frankly, never tried to compete this fully in a contest before; my total hours of operation were 36. I did miss my goal of 2000 QSO's, however.

It was amazing to have the Europeans calling me begging for a "new country contact." I worked about 200 QSO's before the contest, and worked a few Europeans during the contest just so they would leave me alone. I even had a JA call me on 10 meters.

On Thursday night, while waiting for K4JPD to QSY to 80, I heard UF6FAL calling CQ on 3.795 with a tremendous 5 X 7 signal! I called him but he never heard me. The propagation west of VE3 just wasn't there for me; no VE4/5/6/8.

The stateside (USA and Canada) operators were GOOD — period! 98% of all calls were in and out, wham-bamm. However, it was those 2% that just kept giving 2 letters of their call that caused me concern. I, quite honestly, never realized it before so let me give you some advice "from the other end": if the DX/contest station is working a pileup, give your full call unless other directions are given. I would be working 4, 5 or 6 stations a minute at times and if I heard a full call I would log it; a partial call requires twice as much time to QSO and log.

Once or twice the pileup got very thick, and I couldn't discern even a partial call. At that point, I just said "Who was the 4" or "Who was the station with Alpha?" That would reduce the pileup, and I could pick out calls and keep on trucking.

Biggest contest mistake: putting up an antenna at 2 am in 50 degree weather, rain, and 40 MPH winds. I almost couldn't talk Sunday morning!

Second biggest contest mistake: not taking a beam.

Third biggest contest mistake: trying to eat too little food. I had planned to live on bottled water, granola, and crackers. Saturday night found me at the "Cock and Feather" for some real food (cheeseburger, fries, Coors).

The VP9's have a fun 2m repeater. It is a running wit test among VP9ID, VP9MM, VP9KG, etc., and all in the name of fun.

I saw the "Worked All Bermuda" award in Glen/VP9ID's shack. It is truly beautiful, and can be earned by QSL'ing all 9 Bermuda parishes. During the ARRL Field Day this summer, the VP9 Field Day will also be held. They plan to activate two of the rarer parishes. Get your cards out and see what you need! Send me a Packet mail message if you'd like a list of the Bermuda parishes.

I have received about 500 QSL's so far, and should be able to begin answering them in about 3 weeks.

Kudos:

Many thanks to members of the SE Packetcluster gang who kept putting me out, to WB4QNP and K4SGL for equipment loans and K4YYL for last - minute repairs, to VP9ID who again helped with affordable accommodations and a hot cup of coffee Sunday morning that cleared my head from the 2 am antenna party, to the CDXA for your contribution so I could order color QSL's, and to my wife Lori (most especially) who took care of the home front so I could make this trip.

Hope to work you again from "the other end" soon! 73, Tom  
WB4IUX

## N4ZC TRIP TO VISIT VICTOR/LY2BIG

I WILL BE LEAVING FOR STOCKHOLM ON 25 MAY WITH A RETURN TO CHARLOTTE ON 23 JUNE. THE FIRST HALF OF MY TRIP WILL BE VISITING VICTOR IN LITHUANIA. VICTOR WILL PICK ME UP AT THE RIGA LATVIA AIRPORT ON 28 MAY. SOME OF VICTOR'S FRIENDS IN CDXA HAVE ASKED IF I COULD TAKE SOME GIFTS TO HIM. I AM TRYING TO TRAVEL AS LIGHTLY AS POSSIBLE WITH ONLY ONE SUITCASE TO LAST ME FOR A MONTH.

LET ME SUGGEST GOOD OLD AMERICAN GREEN STAMPS. NOW THAT LITHUANIA HAS ITS FREEDOM WESTERN GOODS CAN BE BOUGHT IF YOU HAVE WESTERN CURRENCY. AT THE CURRENT RATE OF EXCHANGE VICTOR MAKES LESS THAN \$25 PER MONTH. THAT DOESN'T GO VERY FAR. YES, I KNOW MONEY IS A BIT CRASS BUT A SMALL AMOUNT BY OUR STANDARDS WOULD GO A LONG WAY TOWARDS HELPING OUR FRIEND VICTOR. JUST SEND ME A LETTER/CARD FOR VICTOR SO THAT EACH PERSON, IF THEY WANT, WILL GET CREDIT FOR THE GIFT.

I WILL TRY TO GET ON THE AIR WITH LOCAL CALLS OR MY OWN CALL PORTABLE LY - YL - ES - UA2 - UC - UB - OH - SM - LA - OZ. I'LL TRY TO OPERATE JUST INSIDE THE ADVANCED PART OF EACH BAND.

73 ROGER N4ZC

## N4ZC DAYTON HAMFEST REPORT.

WEATHER FRIDAY RAIN/WIND 60'S - SATURDAY RAIN/WIND 50 - SUNDAY NOT AS MUCH RAIN/STILL WINDY 40'S.

**BIG CROWDS** - A WALL TO WALL SEA OF PEOPLE BETWEEN THE 657 EXHIBITOR BOOTH SPACES INSIDE. EVEN WITH THE COLD/WINDY/DAMP WEATHER THERE

THERE WERE THOUSANDS OF HARDY SOULS OUT AMONG THE 4461 FLEA MARKET BOOTH SPACES. THEY WOULD ALL BE DRIVEN INSIDE FROM TIME TO TIME WHEN THE RAINS WOULD COME DOWN A BIT TOO HARD.

**GREAT FORUMS AS ALWAYS** - THE HIGHLIGHTS FOR ME WERE THE TALKS/SLIDES BY THE SOUTH SANDWICH GANG. THEY HAD TO PUT UP WITH A HELL OF A LOT TO PULL THAT ONE OFF. ALSO WILLY/UW9AR AND GENE/N2AA HAD SOME GREAT SLIDES AND INFO ABOUT BIG GUN RUSSIAN STATIONS. ROMEO HAD LINES FROM HERE TO ETERNITY TRYING TO GET XY0, YA0, AND IS QSL CARDS.

THE HOSPITALITY SUITES AT STOFFER'S HOTEL WERE FULL OF THE BIG AND LITTLE DX/CONTEST GUNS OF THE WORLD. THE CROWDS SPILLED OUT OF EACH HOSPITALITY ROOM TOWARDS THE ELEVATORS SO THAT ALL YOU HAD TO DO TO FIND EACH ROOM WAS FOLLOW ALONG THE CROWD OF PEOPLE TO FIND YOUR WAY FROM THE ELEVATOR TO THE SUITE WHERE WITH LUCK YOU COULD ELBOW YOUR WAY INTO THE ROOM TO BELLY UP TO THE CASH BARS FOR SOME LIQUID SUSTENANCE.

SUNDAY MORNING, AFTER DEPOSITING THE REST OF US AT THE AIR FORCE MUSEUM, K4MQG AND DJ6QT TRIED TO GO BACK TO THE FLEA MARKET TO GET WALT AN AMP. THEY NEVER MADE IT. THE RENTAL VAN BROKE DOWN AND BY THE TIME THEY GOT A NEW ONE IT WAS TIME TO PICK US UP FOR THE TRIP TO THE AIRPORT TO CATCH THE DOUD AIR FLIGHT BACK TO CHARLOTTE.

I THINK I'M SAFE IN SAYING A GOOD TIME WAS HAD BY ALL. OUR THANKS TO FRANK/K4BVQ WHO SET UP THE COMPANY PLANE FOR THE DAYTON BUSINESS TRIP BUT FOUND THERE WAS SO MUCH BUSINESS TO DO HE COULDN'T JOIN US FOR THE HAMFEST

73 Roger N4ZC
